Francis Of Assisi And His World (Ivp Histories)

Synopsis

Francis of Assisi is one of the world's most beloved and popular religious figures--and also one of the most misrepresented. Such is the assertion of Mark Galli, who in this IVP Histories volume strips away the modern gloss in order to discover the real man in his real physical, political, and social context. Writing with lively and engaging style, Galli traces the fascinating adventure of Francis's life, from his hedonistic youth to his emergence as a Christian leader of outstanding influence and passion. The saint revealed here is not the bland, romanticized free spirit of popular misconception, but a complex and contentious man who combined an irradiated mysticism with a very practical Christian commitment and, above all, sought to glorify God as Creator. *Francis of Assisi and His World* is a "must-read," both for the inspiring story it tells and for the beauty of its art and illustration.

Book Information

Series: Ivp Histories

Paperback: 190 pages

Publisher: IVP Books (September 8, 2002)

Language: English

ISBN-10: 0830823549

Customer Reviews

This book, along with the others in the series, is an excellent introductory text to understand St. Francis and the world in which he lived, struggled and prayed. The text is lavished with photos, artwork and packed with good history and analysis. The pages are sturdy gloss and the covers are meant to be abused. This is an excellent pocket book and would make a great gift for anyone interested but not too knowledgeable on the life and times of Francis. Total background information is provided for the novice. For the price and content you cannot go wrong with this book, or any of the series. Enjoy!

Mark Galli has written an accessible but intelligent biography of Francis of Assisi. The life of Francis is told in a very engaging format that reads like a story, rather than an academic exercise. However, he includes a great deal of explanatory sidenotes to provide some of the cultural and historical background to allow that story to make sense. There is a lot of artwork included throughout, which integrates interesting images within the text. As the sure sign of a good biography, I finished the book feeling as if I really understood who Francis was and what his life meant, not only to his contemporaries, but to the broader story of the Church. I would recommend Galli's work to anyone interested in learning more about this great man of the faith.

This text was required for a college class I'm taking but I must say how surprised I am by it. The story is easy to read, the pages are glossy and colorful, and I find myself easily understanding a story I thought I would struggle to comprehend. There are notes and sidebars that enhance the actual story itself and I find those additions beneficial to the overall text and the story as well. This author makes a story from centuries ago easy to understand and relatable and it actually makes me interested in a life story that I didn't think I had any interest in learning about. I also find this to be an easy read and I'd be able to read it even if it wasn't a required class text. I'd recommend it to people in college and those who are not - expand your mind and enjoy the story.

WELL-WRITTEN AND WORTH READING BY ANYONE, CATHOLIC OR NOT. WE LEARN THAT THIS GENTLE PERSON STARTED OUT WITH A LOT TO LEARN. HE WAS DETERMINED TO TAKE NOTHING FROM ANYONE ELSE, EXCEPT SUSTENANCE IN FOOD AND THAT IN SMALL AMOUNTS.

this is a capable if somewhat uninspired book about St Francis. there are many striking medieval illustrations included in the book which is good. Over row this is a pretty good concise biography.

I found this book to be very interesting. It made me think more about Saints. It made me think about my life more. I am going to read more books about other Saints.
