Customer Reviews

If you want original Mexican cuisine, this is it! Only rivaled by "Recetas de Todo MÃ©xico" by Angeles de la Rosa, this book has all original recipes from all over the country. And by original I mean OLD recipes passed on by Grandmothers. The recipes are very good, might be hard to find the ingredients in the US, but they are worth looking for.

A pocket book where you can find traditional recipes coming from Mexico. I've found it really interesting since it isn't one of those books all "pepper, paprika and sauce". A Mexican cookbook, not a "Tex-Mex" one....there's only a problem: you've to understand Spanish if you want to try to prepare all these dishes. It could have been more beautiful with some photos.

Exelete servicio recibí el libro antes de lo acordado las recetas están buenisimas he cocinado algunas y salen perfectas definitivamente lo recomiendo gracias
