Artes De Mexico # 47. Flores / Flowers (Spanish Edition)

Synopsis

En cada representacion de las flores existe el juego de la fugacidad revertida. Desde el simbolismo de las flores en el mundo prehispanico hasta el esfuerzo de los cientificos de finales del siglo xviii por clasificar y representar cada una de los cientos de floraciones americanas, estas paginas nos llevan por una revision a vuelo de pajarro sobre la pradera florida del arte mexicano. ENGLISH: Every picture of a flower is an attempt to stop time. From the floral symbolism of the preHispanic world to scientists efforts in the late eighteenth century to classify and depict hundreds of American flowering plants, this issue offers a birdseye view of the blossoming meadow of Mexican art.
