Just what I needed for my elementary grades drama class -- clean, cute monologues. I would have also liked a book for teens, but the material in all of those is trash I wouldn't dream of having my teens use. I ended up using some of these for the teen class and found a few other free ones on line.

The monologues and scenes are both challenging and relevant exercises for the pre-teen actor. Bo Kane also includes notes that help the young actor get to the heart of the scene. I originally bought

this book to have some practice monologues for my 9-year-old son who loves to act. I have since acquired two more copies to give to his acting friends.

Yes, I'm related to the author. However, I am also a homebound teacher, substitute teacher and a Girl Scout leader. I have used this book, and his other book (for teens) in all of these capacities and found them to be worth their weight in gold. The kids love them.

This monologue book is okay for casual acting. I would not recommend it if you are looking for professional style monologues for kids pursuing theater. I bought this book and several others that were recommended. Sadly this was the worst one out of the 3 I bought. My son could not really use any of these monologues.

My granddaughter loved it...

Easy to read, fun and a lot of content. I got this for my ten year old who has expressed an interest in learning how to act, he was delighted with it.

Our wonderful actress will probably give us a full production performance. Great book for beginners and rapid delivery. Thank you.
