# International Taxation In America For The Entrepreneur: International Tax Law For E-commerce, Importing And The Cloud Computer

## Synopsis

I know your time is valuable; so I made the book easy to read in a few hours. I also created an audiobook for those that find themselves stuck in traffic. My book is ideal for the European investing or moving to the U.S. and for the American with either an e-commerce or international business and the importer. The book was updated in January 2016. International tax law can be confusing with all of its special terms. I wrote this book in plain English for the busy person. Easy to read and understand with a blueprint to solving the multinational tax challenges that your business faces. Youâ€™ll experience chapter after chapter of time-tested practical tips, the techniques and the innovative strategies that have helped so many businesses to overcome the international tax challengesâ€”that hold back their growth and income potential. "International Taxation in America for the Entrepreneur" is the only international tax book written for business in the 21st Century. You quickly learn how to save taxes and protect assets. The Entrepreneur edition is a 145 pages of the information that you need to know create wealth while saving taxes. Todayâ€™s entrepreneurs are finding cross border business planning is easier than ever before. The cross border business and the multinational family are using onshore (Nevada) "foreign trusts" for tax planning, inheritance planning and asset protection. Innovative tax ideas such as the tax advantages of an offshore cloud computer system is explained in Chapter One. No tax book would be complete without a complete explanation of captive insurance company. You will learn how they make money, how they save taxes and how they protect assets.
