## **Customer Reviews**

Worked well for me-has FRCP plus some parts of USC section 28 and copy of US Constitution and a few other parts. Just wish it had more margin space since I was using it for class and couldn't fit many additional notes into the book.

This book is boring as hell. No plot. No character development. It reads like a dictionary.

A well put-together and easy to navigate reference.

It is what it is. Came in great condition. I'm a stickler for bent edges on paperbacks. This said new and it came new, crisp edges and all.

A must have for any person who works in the legal field. Great little pocket book.
