Customer Reviews

I bought it for my niece's baby. She wants him to learn Spanish. I love Clifford books and used to buy them for my daughters when they were little. Now it's nice to find them in Spanish, it's a cute

little book with multiple stories and not bilingual, only in Spanish which is what I wanted.

I absolutely love this collection of stories in Spanish. I especially like the color coding on the edge of the pages which makes it easy to locate the various stories. It was well put together with the user in mind. This will be perfect for my classroom library.

Great for reading to bilingual kids to keep up their Spanish. I recommend it for kids or adults learning Spanish as well. It's the classic Clifford stories, and more practical to take with you in a large volume like this.

My young kids are learning Spanish through songs, DVDs, and books. They love the Clifford series in Spanish. We hadn't known about these books in English beforehand. Anyway, it is really a fun and wonderful way to learn and review Spanish. My kids love all the Clifford books in Spanish, which we check out of our local library. They especially love this collection of stories and asked to check it out again.
